

Reign Robotics

Team 5588

FIRST

- FIRST is an international, multilevel, robotics program that is invested in getting kids interested in science and technology.
- FIRST - For Inspiration and Recognition of Science and Technology
- Four different programs: FLL Jr, FLL, FTC, and FRC

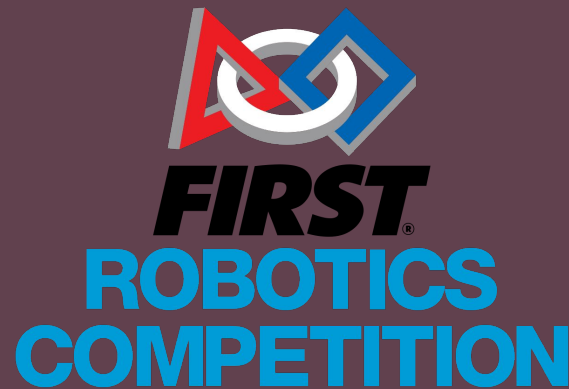

Our Team

- Started in 2015 by two students at Holy Names Academy.
- Only all girls FRC team in Washington State.

What We Do

- We compete in FIRST Robotics Competition (FRC).
 - Teams have eight weeks to build a robot to fit that season's game.
- Sub Teams
 - Engineering
 - Programming
 - Business

What We Do

- Inspire young women to enter into STEM fields.
- Outreach
 - Start FLL and FTC teams at local schools.
 - Speak about & demonstrate what our robot does at local events.
 - Work within the FIRST community to encourage healthy strategies for mental health.
